AZALEA

Admittedly "tops" in flowering shrubs, Azaleas give us some of our earliest, some of our most startlingly showiest, some of our most delicate flower colors, as well as a flowering range from early April to early July.

A-1 AZALEA arborescens - Sweet Azalea

18 to 24 in., 2 to 2½ ft., 2½ to 3 ft. Broad Round habit. Flowers white inside, rich pink outside, red stamens, fragrant, late June.

A-2 calendulacea - Flame Azalea

15 to 18 in., 18 to 24 in., 2 to 2½ ft., 2½ to 3 ft., 3 to 4 ft. Tall, Bushy. Flowers range through reds, oranges, toward yellow, early to late June. Very showy.

A-3 gandavensis - Ghent Azalea

15 to 18 in., 18 to 24 in., 2 to 2½ ft. Similar to Flame Azalea, but wider range of color, including coppery reds, creamy pinks, occasional whites - late May to mid-June. Very fine.

A-4 mollis - Chinese Azalea

15 to 18 in., 18 to 24 in., 2 to 2½ ft. Large clusters, showy salmon-orange, occasionally reddish and yellow, late May early June.

A-5 mucronulata - Mongolian Azalea

15 to 18 in., 18 to 24 in. One of the best drought resistant shrubs; leaves remain dark in very dry soil. Very early, about April 20; purplish rosy pink. Likes some lime.

A-6 vaseyi - Shellpink Azalea

2 to 2½ ft., 2½ to 3 ft. Delicate shell pink, early May. An American plant of exotic aspect, not striking but intriguing and beautiful. Not fussy as to soils and exposures.

A-7 viscosa - Honeysuckle Azalea

2 to 2½ ft., 2½ to 3 ft., 3 to 4 ft. Latest to bloom, early July. Small white fragrant flowers

DECIDUOUS SHRUBS

The logical use of Deciduous Shrubs is as "Fillers" between the larger feature or architectural trees. Shrubs give the best effect when planted so as to mass together. Form of Shrubs, therefore, while of some importance, is not of great importance. The most important features of Shrubs are the character of their leaves, flowers, and fruits. As the practice of handling plants with a ball of earth (B & B) is becoming more prevalent every year, for your convenience we are listing below both bare root and ball and burlap (B & B) prices.

GROUP A

- S-1 **BUDDLEIA alternifolia** - Chinese Butterflybush
